STUDENT EMPLOYMENT

Students,

We currently have a job opening in the Veterinary Diagnostic Laboratory for a student hourly to work in the molecular diagnostics area (approximately 6-10 hours a week). We are located in the Veterinary Medicine Building at 2001 S. Lincoln Ave., Urbana.

Responsibilities include reagent and sample preparation, monitoring equipment temperatures, sterilizing consumables and lab waste, assisting lab personnel as needed with DNA/RNA extraction, gel electrophoresis etc. Interested students will also have opportunities to learn to perform molecular detection (PCR/qPCR) assays.

We are looking for a motivated student who is hard working and pays attention to detail. Must be available in summer; commitment for 2+ years is desirable. Flexible hours between 8 am and 5 pm Monday through Friday.

Please send resume and references to: slanka@illinois.edu

Thank you,

Sara Lanka
