

# In honor of Reto Jörg Strasser: A pioneer of chlorophyll a fluorescence research

Here, we pay tribute to Reto Strasser through a brief description of the key results we had obtained with him, over the years, on the understanding and exploitation of the OJIP fluorescence transient.

## Highlights

- *Paper in honor of Reto Strasser at his 82<sup>nd</sup> birthday*
- *Govindjee, A. Stirbet, and A. Srivastava present their research with Reto Strasser*
- *Included are lists of papers and names of scientists who honored Reto Strasser in 2020*
