

About the Amgen Scholars Summer Research Program

The Amgen Scholars Program is a national ten-campus program to increase research opportunities for students committed to pursuing careers in the sciences.

This program provides research experience, enhances participants' research skills, and increases their competitiveness as candidates for admission to prestigious graduate institutions.

This program also exposes participants to the diversity of research offered at Berkeley and encourages an interdisciplinary approach to science. Scholars are encouraged to pursue a doctoral degree and research careers in the sciences and biotechnology.

Applicants from diverse populations and backgrounds are encouraged to apply.
