

Updated 2/11/2021

Students that may be struggling financially, have old computers, have slow Internet connection or an incompatible computer could benefit these programs.

Student Technology Program (STP)

Eligibility:

FAFSA filers
Illinois Promise
Illinois Commitment

Email sent to those eligible from OSFA

If you need a computer for school, or you have a device, but it is not meeting your needs, the campus Student Technology Program is available to loan you a PC laptop for the duration of your time here on campus. Details on the available laptops can be viewed [here](#).

Participation in this program is voluntary and will not impact your financial aid eligibility. If you are interested, please complete the [Student Technology Program Request Form](#).

The program is on a first come, first served basis, while supplies last.

If you have questions about either the Student Technology Program or your computing needs, please contact Technology Services at consult@illinois.edu or call 217-244-7000.
