

# **LAUNCH**

## ***Your Bioinformatics Career***

### **NOV 3-6, 2022**

Prospective graduate school applicants from historically underserved ethnic-minority populations are invited to apply to the Launch program! Launch allows students an in-person opportunity to explore the **Bioinformatics & Genomics Master's Program** at the University of Oregon and strengthen their graduate application.

Selected participants will:

- Receive guidance on graduate school application process
- Connect with current students and faculty
- Tour campus and department facilities
- Participate in a bioinformatics workshop, focused on analysis of differential gene expression (no prior experience or laptop required)
- Improve resume and interview skills
- Network with like-minded peers
- Explore Eugene and the Oregon coast

Participants will be provided domestic transportation, lodging, event meals, computer access for workshop, and access to agenda-related activities. See application for further details and requirements to apply.

**Apply By: Friday, September 30th, 2022**
