

YOU'RE INVITED!!

To PPD Laboratories GMP lab Interview Day
Friday, 2/1/2019

What's an interview day? We are inviting candidates to see our labs, meet with managers from multiple teams, and potentially walk out with a new job- all within 2 hours!!

Fun fact: This year alone, PPD contributed to the development of 35 new drugs approved by the FDA and EMA! With our growing success, we need to grow our scientific family and want you to be part of it!

We are open to all Life Science degrees & experience including:

- Chemistry, Biochemistry, Biology, Genetics, Microbiology, Cellular and Molecular Biology, Environmental Sciences

If you are interested in contributing to drug development and working for a leading CRO committed to improving health, send your resume directly to McKenzie.Matson@ppdi.com and Jaime.Gullick@ppdi.com to schedule your interview. View our open positions at www.ppdi.com/careers.

WALK-INS WILL BE ACCEPTED!!

*Please note that we can only guarantee you an interview with Talent Acquisition, so we do encourage you to RSVP for the full experience.
