Wednesday, February 1, 2017

**11:30am-1:00pm**

UniPlace Christian Church Paige Hall

*(lunch will be provided)*

Given the economic and social struggles in our world and communities today, students at the University of Illinois need to be aware of the issues facing their communities in an effort to understand the work they are doing at various volunteer sites in Champaign-Urbana and why it matters.

## **This Workshop Will Include:**

- 1) Identifying The Issues of The Champaign-Urbana & World Community For Students and Future Community Leaders
- 2) What local community service providers wish university students knew about the issues their clients are facing on a daily basis. (Community partners who will be present include; Canteen Run, Habitat for Humanity, United Way, Courage Connection.)
- 3) How students and future student leaders can be advocates for social change in their community and in their world.
- 4) Students will have an opportunity to speak directly to service providers, ask questions, and learn from those on the front lines of addressing social change.
